Issue: #48

Reminder: Workers' Compensation Final Payroll Audits

Safety National, our Reinsurer with respect to the Workers' Compensation Coverage, has advised that beginning with the 2014/2015 program year, NJSIG is no longer required to process Workers' Compensation Final Payroll Audits.

Therefore we will no longer send out written requests to the Member Districts to comply with the current audit requirements. Keep in mind however, that the 2013/2014 program year will be audited as per previous years.

Please also note that NJSIG may require Members to provide us with Form 941 for verification purposes during the renewal process.

We understand that some members, for various reasons, may wish to have a final payroll audit processed. We will make the forms available on our website and accommodate those requests as they are received.

If you have any questions, please let us know!
