LEGAL ONE is a part of the Foundation for Educational Administration (FEA). FEA is a registered professional development provider with the New Jersey Department of Education. Professional learning sessions offered through FEA, including LEGAL ONE sessions, may be used to satisfy the continuing education requirements for New Jersey educators and school leaders.

NJSIG encourages all school districts to have key staff attend these complimentary trainings.

MONDAY madness Training Sessions

IN PARTNERSHIP WITH

JULY 14

Hiring, Onboarding and the Law

Presenters: David Nash, Rebecca Gold, Charles Ford, Rosetta Treece

As school districts prepare for the new school year, bringing on new staff members creates both great opportunities and challenges. In this session, participants will learn about key legal considerations and sound protocols related to staff recruitment, hiring, onboarding and mandated professional learning.

JULY 21

Hot Issues in School Law

Presenters: David Nash, Charles Ford, Rosetta Treece

What were the most important changes in state and federal law that occurred during the 2024-2025 school year? What must you do to address these changes moving forward? This seminar will address key topics, including: the impact of shifting federal priorities on school districts legal obligations; recent decisions by the U.S. Supreme Court and other state and federal courts impacting school districts; new state and federal laws related to artificial intelligence and deepfake; changing legal requirements related to diversity, equity and inclusion, student health and safety, and mental health; and the latest legal developments regarding HIB, IDEA, Section 504, tenure, discrimination law, First Amendment rights and more.

AUG 18

Confidentiality & Information Sharing (including with law enforcement and ICE)

Presenters: David Nash, Rebecca Gold, Charles Ford, Rosetta Treece

When school officials over-share information and violate confidentiality requirements or under-share essential information the danger for real harm and potential legal liability skyrocket. In this session, participants will learn about the many state and federal laws that impact confidentiality and information sharing, and how to apply them in the school setting. The session will include a review of FERPA, HIPAA, 42 CFR Part 2, the Memorandum of Agreement between Education and Law Enforcement, legislation and guidance impacting reporting and record keeping.

AUG 25

Artificial Intelligence, Deepfakes and the Law

Presenters: David Nash, Rebecca Gold, Charles Ford, Rosetta Treece

Artificial Intelligence (AI) is rapidly transforming various sectors of our society, including education, in both positive and negative ways. AI is already being used to expand educational opportunities and enhance school district efficiency. At the same time, the use of deepfakes to create realistic looking audio and visual depictions of students and staff members has caused devastating harm. This virtual workshop aims to explore the various applications of AI in the preK-12 setting, the legal duty of care that must be exercised as AI increasingly becomes part of the K-12 school experience, the latest guidance from the NJDOE and the impact of new state and federal laws addressing deepfakes.
